POLICE DEPARTMENT

MAY 2011

Goals: (1) Effective and Efficient Police Response and Service, (2) Enhanced Police involvement with the community.

Officers of the Department attended many training opportunities this month. For this month a total of 13 officers attended free training. The free training consisted of course work in Public Records, Missing Juveniles, Police Rifle Instructor, Vehicle Fire investigations, Officer Survival, Death Investigations and Proactive Interdiction traffic stops. The following courses were not free in which two officers completed two week Fire Investigation course work at the State Fire Academy. This training will assist in fire related investigations. I attended week long Effective Leadership Training hosted by the Ohio Chiefs of Police Association. Police Clerk attended Uniform Crime Reporting which is a needed course to keep up on reporting crimes to the federal government. Reporting crime to the federal government is not required but if the department does not, the department usually is not eligible for Federal grant opportunities.

As an education sub-committee member of the Lake County Opiate Task Force, I assisted and with an Opiate Abuse Conference. Information was presented by abuse specialist from Laurelwood Hospital. We provided information geared to the "First Responder". The conference was held at Tri Point and attended by approx. 50 area police and fire personnel. This information was video-taped by our department and will be made available to area agencies seeking information on the recent increase of Opiate Abuse.

I along with Officer Cueni represented the Police Department at the Mocktail competition held at St. John Vianney Church. Approx. 200 local High School children attended the event. Unfortunately our Painesville Purple Passion Punch did not win.

The Department organized and presented three Anti Bullying/Gang Education programs. Two were held at Elm St. elementary School for 4th and 5th graders. One was held at Heritage Middle School for the 6th graders. The department also held Seatbelt Safety training for all public and private 3rd graders in Painesville. This training stresses the importance of use of seatbelts.

Chief Troy A. Hager

Painesville Police Department
