POLICE DEPARTMANT

JANUARY 2011

Goals: (1) Effective and Efficient Police Response and Service, (2) Enhanced Police involvement with the community.

On January 10th and 11th, Police department hosted a Critical Incident Stress Management Course. The course is designed to help train safety forces deal with the day to day stress and have trained peers available to assist fellow safety force workers who may have lingering stresses after major incidents. The Instructor is free through a Grant by The State Fraternal Organization of Police. I would like to thank the Lake Erie College who provided the classroom free for the two day seminar, which was held during the College winter break. I was able to have three police officers and two police chaplains attend. Twenty other officers and chaplains from Lake County were able to attend. The college provided lunch and beverages for a nominal charge.

A career development strategy that I have been working on is a rotating position of an Administrative Sergeant. This rotation brings my sergeants on a rotation to oversee the detectives and other administrative duties. This I hope will provide the sergeants with a wider scope of understanding. Sergeant Miller, who worked in the position for the last 6 months is now back as the dayshift patrol sergeant. Sergeant Armstrong has now assumed the position of Administrative Sergeant. He will be working dayshift and working with myself and Lt. Waterman for a 6 month cycle. He can be reached at extension 5815.

The department was able to send two of the detectives to The Cuyahoga Coroners free Class on Death Investigations. This is still a free class offered to local police agencies to keep abreast on current investigations.

Chief Troy A. Hager

Painesville Police Department
