August 3, 2016

**ST. CLAIR STREET BRIDGE – PAINESVILLE/FAIRPORT HARBOR - CLOSURE
FOR IMMEDIATE RELEASE**

The St. Clair Street Bridge over the Grand River at the Painesville/Fairport line will be closed between Monday, August 8th and the end of the work day on Thursday, August 11th, weather permitting. The closure is necessary to perform maintenance of the bridge deck.

The maintenance operation is a two-step process which requires labor and a cure time. Drivers are reminded that even though they do not see work taking place, they are not to move the barricades and drive across the bridge. They should follow the posted detour via Skinner Avenue and SR 535 (East St. / Richmond Road).
