

## **NEWS RELEASE**

**FOR IMMEDIATE RELEASE**

**Date: November 4, 2016**

**Contact Person: Doug Lewis, Interim City Manager**

**Subject: Parking Garage Demolition, 66 South St. Clair Street**

**Traffic Restriction: East Washington Street**

Due to Contractor delays, The City of Painesville has scheduled the paving of a base course of asphalt to be applied to the parking lot behind Victoria Place on Friday, November 4, 2016, weather permitting. Parking at the lot was delayed because the City of Painesville wanted to make sure that the lot was prepared for the winter. The base coat of asphalt to be applied will enable the City of Painesville to stripe the parking lot until the final elevations, storm sewers, lighting, landscaping, and the final layers of asphalt are completed next year. After the parking lot receives the base coat of asphalt, Painesville Public Works will be striping the lot on Monday, November 7, 2016 and Tuesday, November 8, 2016. We anticipate it being available for parking on Wednesday, November 9, 2016.

The remaining work on the parking lot will include the items listed above and will be bid those items out in the spring of 2017. Final construction is anticipated to be scheduled in May of 2017.

Thank you for your cooperation and we apologize for the inconvenience!!

For more information, please contact Doug Lewis of the City Manager's Office at (440) 392-5800 or City Engineer Leanne Exum at (440) 392-5926.
